### **FUNDING FOR ONTARIO-MONTCLAIR YMCA**

The following items came before the San Bernardino County Board of Supervisors during their December 18<sup>th</sup> meeting:

- The Board allocated over \$41,000 to do electrical systems upgrades at the Ontario-Montclair YMCA. The electrical system at the YMCA building has aged considerably and has become inefficient. The project will provide for a new system, and will include replacement of lighting fixtures with newer low energy fixtures that will greatly reduce the YMCA's utilities costs.

"The YMCA's electrical system is in major need of an upgrade, and this funding will go a long way to reduce their costs and assist them in providing the much needed services that are of great benefit to our entire community," said Fourth District Supervisor Fred Aguiar.

- \$25,000 was allocated for the creation of a proactive neighborhood clean-up program in the unincorporated areas of the Fourth Supervisorial District. The program will provide local residents with information on hazardous materials disposal, as well as providing residents with an opportunity to dispose of unsightly residential waste at no cost.

"This is a great way to involve residents in cleaning up their neighborhoods," commented Supervisor Aguiar. "Under a similar program in the past, we were able to remove several tons of trash at no cost to residents."

- The Board of Supervisors reappointed Ellen Weisser of Redlands and Allen Builteman of Rialto to the county's Board of Retirement. They will serve another three-year term, effective January 1, 2002.
